The above-identified application was allowed in the Office Action mailed January 17, 2008. The issue fee has been paid concurrently with the filing of this amendment.

Subsequent to the receipt of the Notice of Allowance, Applicants noted that the Examiner's amendment to claims 26-36 created informalities in the claims. Applicants submit this amendment to correct the informalities.

Each of the requested amendments is fully supported by the specification and drawings, will not require an additional search, and does not raise new issues. Therefore, Applicant respectfully requests that this Amendment be entered and the requested changes made.

Applicants disagree with the Examiner's characterization of the invention to the extent that the Examiner's paraphrasing of the claims may impart a different scope or meaning than the express language of the claims.

To the extent that the Examiner has characterized Applicants' motives for making claim amendments, Applicants decline to subscribe to any such characterization.
